At the Ontario Native Women's Association (ONWA), we celebrate and honour the safety and healing of Indigenous

women and girls as they take up their leadership roles in the family, community and internationally for generations to come.

SOUTH

"ONWA fought for me when I was not fully willing to fight for myself. I have a life today that I never even imagined possible. It wouldn't have been possible without ONWA, with the support I was able to get the help I needed...to build a new life."

"Prior to this, I had been homeless, living secretly with my sister. I was feeling hopeless and overwhelmed by trying to find housing all by myself... I am now happily in my own apartment that meets my medical needs as well. I honestly believe that without her [Nihdawin Worker] support, I would have continued to be homeless. Her work matters. She changed my life for the better."

"ONWA has and always will be a huge part of my life, from being so down and out to completely transforming and reclaiming myself, my life, and my family. I will forever maintain my connection to the ONWA and send people their way."

> "I'm happy that I wasn't alone. I don't think I could deal with everything by myself. My worker helped me by explaining and supporting me as I dealt with the Child Welfare agency."

"It's hard being a mom and having the support of the group made me feel heard."

Demographic Profile of Indigenous Women in Ontario

Ontario has the highest population of Indigenous women in Canada.

211,495 in 2021

9.4% growth of Indigenous population in Canada between 2016-2021. Compared to
